> AMERICAN SUGAR REFINING Boston-Mossre, Curtin & Sederquist have issued a market letter on American Sugar Refining in which they say: Since 1880 the American consumption of sugar has nearly trebled and since 1891 has increased 39 per cent. The only state-ment of earnings ever made public by the Sugar Trust was in 1892 when they were stated to be \$8.616.837 for 11 months. The carnings should be much larger now because the output of sugar is larger the margin of profit is as great and the company makes \$750.000 from its coffee business. Present carnings are between \$12.000.000 and \$18.000.000 on a margin of profit of about 1 cent per pound for the past year, which is over 20 per cent earn ed on the common stock.

## NOT A CIRCUS

-BUT THE-GREAT WATERSALE STANDARD CLOTHING CO.,

19 Church St.,

is the reason why this store is always crowded with eager buyers. Why goods are marked down to HALF. People from hundreds of miles away are visiting our Sale. Their friends advised them to call at our store because it is a payable sale. It Certainly is.

Hundreds of people will testify to the truth of our statement. What better evidence do you want? FACTS are FACTS Peep in our windows, notice the crowded store, see how are salesmen are busy. Everybody is pleasant. Why? Lively selling all the time.

STANDARD CLOTHING CO. Look for "WATER SALE SIGN."
